

Soft Care Des E Spray

H5

Alcohol based hand rub :

Effective against virus, bacteria, fungi, yeast & mold

Description

Soft Care Des E Spray is an alcohol rub, developed for hand disinfection. The product is suitable for application in the healthcare and food processing area.

Composition

Active ingredients:

- Ethanol IP grade 70 % v/v

Other Ingredients

- Glycerol

Features and Benefits

- 70 % Ethanol - Instant hand hygiene with residual effect - Wider microbial kill

Directions for use

If the hands are visibly dirty, thoroughly clean and dry hands with a suitable hand cleanser such as Soft Care Sencicare or Soft Care Plus or any available hand wash before applying Soft Care Des E Spray.

a. Hygienic hand disinfectant

Apply 3 ml (2 shots from spray pump) of Soft Care Des E Spray to dry hands and massage thoroughly into the skin paying particular attention to finger tips, the nails and webs of the fingers. After 20 seconds, Soft Care Des E Spray evaporates leaving the skin dry.

b. Surgical Hand Disinfection

Apply 3 ml (2 shots from spray pump) of Soft Care Des E Spray to dry hands and forearms and massage thoroughly into the skin as above. Once dry, repeat the procedure until a contact time of 2 minutes has reached.
